

Seminar Report on "Exploring the Philosophical Foundations of the Indian Knowledge System"

On September 29, 2023, a seminar titled “Exploring the Philosophical Foundations of the Indian Knowledge System” was held at the smart room of Government General Degree College, Lalgarh, Jhargram-721516. The seminar took place from 2:00 PM and focused on the rich and diverse philosophical roots of the Indian Knowledge System.

The session was conducted by Dr. Netai Chandra Das, Assistant Professor of Philosophy and Officer-in-Charge at Nayagram P R M Government College, Jhargram-721125. With his deep expertise in philosophy, Dr. Das provided a comprehensive exploration of the philosophical underpinnings that form the foundation of India's ancient knowledge systems.

In his presentation, Dr. Das examined the key philosophical concepts embedded in various Indian traditions, including Vedanta, Nyaya, Mimamsa, and Buddhism, among others. He highlighted how these philosophical frameworks contribute to the holistic and integrative nature of Indian Knowledge Systems, influencing fields like education, science, ethics, and social governance. Dr. Das emphasized the importance of philosophical inquiry in understanding the Indian approach to knowledge, which is deeply interwoven with spirituality, ethics, and the pursuit of truth.

Total student participants was 15 and they gained a deeper appreciation for the intellectual richness of Indian traditions and their lasting impact on global knowledge.

The seminar concluded with a vote of thanks to Dr. Netai Chandra Das for his thought-provoking and enriching presentation, which provided a valuable opportunity to reflect on the philosophical dimensions of the Indian Knowledge System.
