6.3.2. Percentage of teachers provided with financial support to attend conferences/ workshops and towards membership fees of professional bodies during the last five years.

As a fully government-controlled institution, the College has limited resources to support faculty members in becoming members of learned societies or attending seminars and workshops. Despite this constraint, many faculty members are active participants in these societies and regularly attend such events. The College administration encourages their participation by granting on-duty leave and providing extramural research support for attending these programs.
